

Gapminder Report

Danielle Quinn

2017-08-23

Introduction

The gapminder data set (<https://cran.r-project.org/web/packages/gapminder/README.html>) contains records of population size, life expectancy, and gross domestic product for 142 countries between 1952 and 2007.

Population Size

Table 1. Mean population size and standard deviation of population size by continent.

Continent	Mean Population	Standard Deviation
Africa	9916003	15490923
Americas	24504795	50979430
Asia	77038722	206885205
Europe	17169765	20519438
Oceania	8874672	6506342

Life Expectancy and Gross Domestic Product in 2007

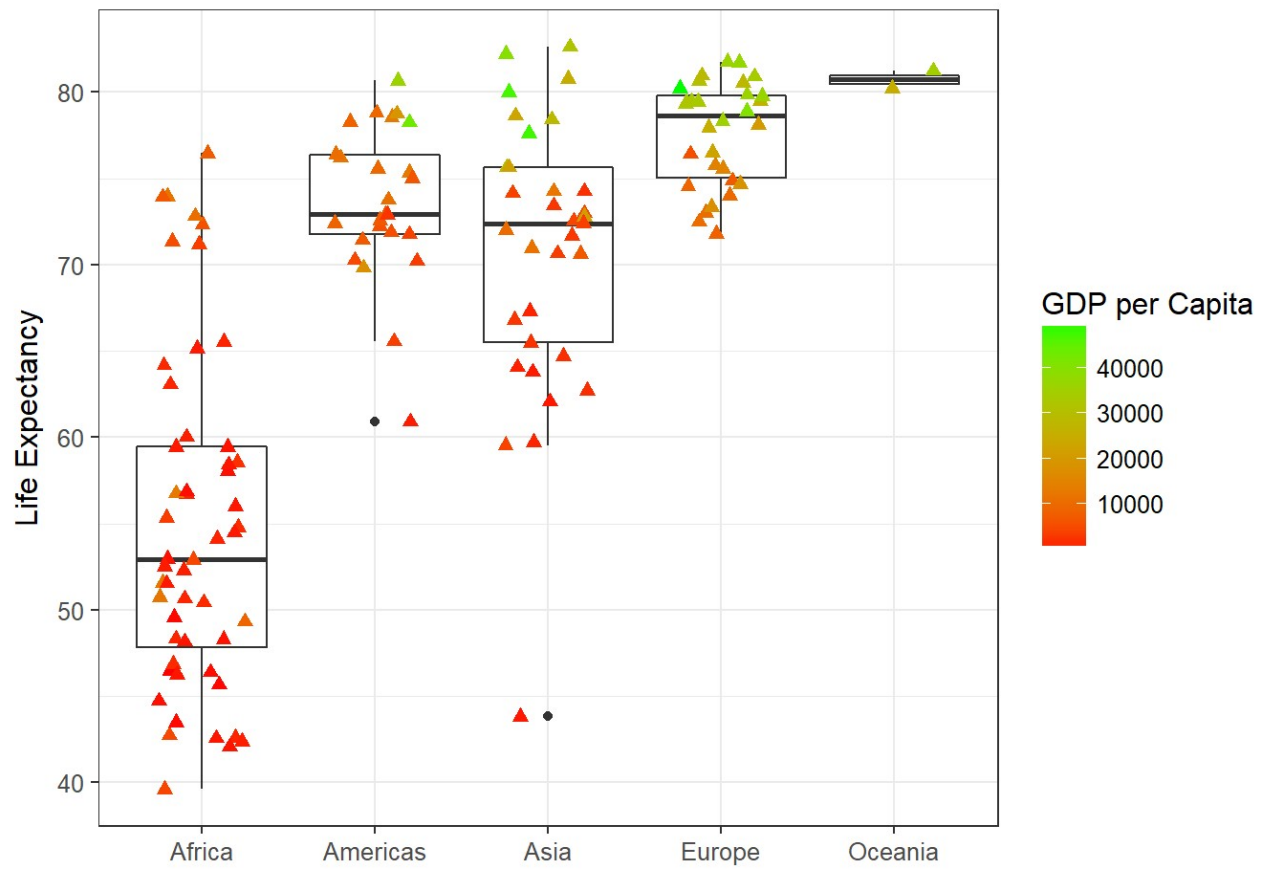

Figure 1. Life expectancy by continent, in 2007. Gross domestic product per capita represented by colour.
